

Klamath River Early College of the Redwoods

Producing tomorrow's leaders: today

*An Early College high school, fully accredited by the
Western Association of Schools and Colleges
Enrollment Application*

It's about choices

"Before coming here, I wasn't much of a student, but here I am excelling, even in college classes, because of the support. Here we're not judged; we all have a chance to live our dreams" - student Darren Davis, 18

Standards based - individually focused

Our standards-based curriculum is based on the award winning Chugach School District model, and replaces traditional grade levels with a personalized learning plan for each student. Our model is the result of conversations with hundreds of community members, leaders, parents and students about the values and skills we wanted for our youth. Aligning this community vision with California state standards, and through our partnership with College of the Redwoods, means our students will exceed all state high school graduation requirements, ensuring students meet college entrance requirements.

We are passionate about:

- Supporting your Success
- Investing in your Future
- Tailoring your learning experience
- Developing your tools to make the best life choices

Success in life is about making choices. Good choices. But making good choices is difficult when you don't know what your choices are, or that choices even exist. KRECR is here to help you build goals and make good choices to meet them.

"When I was little I had big dreams and never wanted to let my parents down. Now, this school has helped my dreams turn into goals, which I work on daily. Now I have the confidence to include myself as an adult," - student Kyle Smith, 15

All KRECR students are co-enrolled at College of the Redwoods, have college ID cards and receive individual college guidance counseling.

Free College?

The Early College Advantage

At KRECR, students are able to earn up to an AA degree, or two years of college credit and their high school diploma—tuition free! Our school is part of the national Early College initiative designed to increase the number of high school and college graduates.

Accepting applications: Enroll Today!

Make Klamath River Early College of the Redwoods your first choice in personalized education if you are committed to:

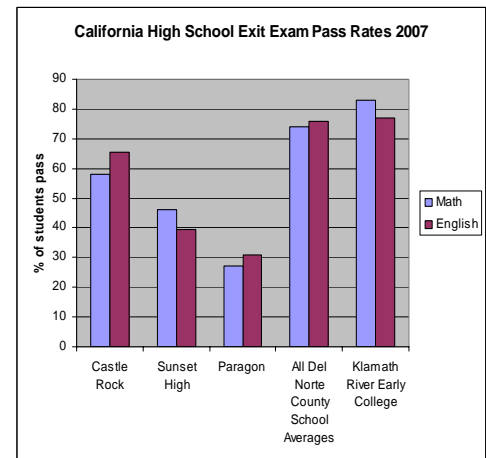

- Academic excellence and preparing yourself for college,
- Innovative educational experiences,
- Learning about Yurok and other local cultures and history.

If you will be a 9th or 10th grader in the 2008-2009 school year, then apply now. To learn more, visit us at 165 Klamath Blvd, Klamath CA 95548, check out www.klamathriverschool.org or call (707) 482 1737 x 5. KRECR is free and open to students of every ethnic background and enrollment is on a first come, first served basis.

Our Student Success

Klamath River Early College students have shown great academic success, **beating state and local averages** on the California High School Exit Exam and STAR English tests.

More KRECR students have passed into college classes than the average high school graduate in Del Norte County!

Learning By Doing: Connecting with Community

Klamath River Early College students engage in hands-on learning opportunities and gain real work skills throughout the year in Community Action Projects and Community Fellowships.

"Fellowships and Community Action Projects are fun because I'm learning something new every day. Its cool because adults trust us to be responsible in real-life work,"—Shante' Scott, 17

"KRECR provides opportunity to pursue your personal career interests through real-life experiences and enrolling in college classes that will help me reach my career goals,"— Ashley Powell, 16

- Personalized learning plans
- Tuition free AA degree (or two years college credit)
 - Culturally relevant, community focused curriculum
- Multi-discipline project based learning
 - Site based, full-time schedule
